EXPERIENCE

FREELANCER

Full-Stack Developer

- Developed a web application for the administrative management of a Uruguayan company, optimizing internal processes.

- Throughout my experience, I improved negotiation and sales skills, successfully closing most contracts.

- Managed the entire development process, from the initial proposal to final delivery, ensuring quality and client satisfaction.

COURSES

FULL-STACK WEB DEVELOPMENT AND COMPUTER SCIENCE

Practical training in building complete web applications, from frontend (React, JavaScript) to backend (Node.js, MongoDB). Inclusive fundamentals in algorithms, data structures, and skills in leadership and project management.
